Toronto, Ont., Sept. 13.—The heavy wind storm did considerable damage along the water front. Many yachts were capsized while others broke away from their moorings and have not yet been recovered. Reports from all parts of the province show that the storm was general; orchards suffered most.

The loss on fruit in the St. Catharine district will amount to thousands of dollars. No casualties have yet been reported. At one time yesterday afternoon the line of wagons loaded with tomatoes for the canning factory of the Adams Nursery company extended over a mile from the factory door. This is but one illustration of the rush that is on at each of the canning establishments in Weber county. Night shifts are being worked at several of them and the output of canned tomatoes will likely be 190 per cent greater this year from each of the canneries than it was a year ago.
